Steve, see attached for the 2008 PNNL/City Light presentation. See slides 15-19 for shortcomings of short (e.g., 7 day) pooling. Thanks. -BC

Dave or Ben,
The document you sent referenced a PNNL/City Light presentation (2008). Where can I find that presentation?
Thanks.

Hi All,

Attached is a new paper that Ben put together for additional background and preparation for our meeting on the 28th. It consolidates some previous information and adds some new information on two aspects of the TMDL under discussion: 1) the use of CFA; and, 2) the consideration of temperature conditions at the border.

Thanks
